

## NTU Barrier-Free Smart Parking System FAQs

### Early Sign-Up Promotions

**1) Q: What are the promotions offered for early sign-up with *GoParkin*?**

A: The discount will be effective from 4 August 2020 for:

a) Season parking - \$5 off September 2020

b) Hourly parking - 30 minutes free parking per day, for month of September 2020, in any **one** car park at NTU main campus (except NIE car parks). The 30 minutes duration includes the grace period of 15 minutes (Refer to Q4).

### General Information

**2) Q: What is the difference between the conventional Electronic Parking System (EPS) and the new barrier-free system?**

A: The new barrier-free system identifies drivers through their vehicle registration number instead of their In-Vehicle Unit (IU) number. It is also integrated with the mobile app, *GoParkin* to allow drivers to pay for their parking fees via mobile payment instead of cash cards.

**3) Q: Do I need to install an additional reader in my vehicle for the deduction of car park fees?**

A: No. The deduction of car park fees can be made using two methods:

Registration of vehicle with *GoParkin* app or web portal (<https://portal.goparkin.io>) and select credit/debit card payment.

NETS/Cash card/CEPAS/EZ-link card payments are available via the In-Vehicle Unit (IU) or at the exit terminal of car park gantries.

**4) Q: Is there a grace period for passenger drop-offs?**

A: Yes, there is a 15-minutes grace period.

**5) Q: Where can I top-up my cash card on NTU campus?**

A: Please refer to the list of NETS top-up machines on campus via this link [http://www.ntu.edu.sg/has/Carparks/Pages/NETS\\_top-up.aspx](http://www.ntu.edu.sg/has/Carparks/Pages/NETS_top-up.aspx).
